THE LANGUAGE PACKET

INTRODUCTION

To provide assistance to Peace Corps Volunteers in Pre-Service Training, the Language Staff have developed and compiled materials in your target language. This packet contains the following:

- * Core Competencies
- * Learning (TL) Fast
- * Booklet
- * Tape
- * Phrase Book
- * Glossary
- * Workbook
- * Grammar Notes

The **Core Competencies** were prepared based on recommendations from volunteers who participated in an assessment of the language training, including its curriculum, in the mid 80's. They contain gambits or expressions used in accomplishing a certain real life task. To provide for difference in learning pace basic, intermediate, and advanced gambits were included. These core competencies served as the basis for most materials in this packet.

Learning a (TL) Fast includes basic or commonly used expressions for greetings, leave takings, shopping, asking for directions, managing a conversation and introducing one's self. It also contains a list of pronouns, numbers and time words. An accompanying tape is provided to serve as a model in pronunciation for you.

The **Phrase Book** contains phrases and expressions in everyday communication and are presented according to situational topics relevant to the life of a Peace Corps Volunteer. An English translation is provided for each gambit to facilitate comprehension of its meaning. It is more extensive in scope compared with **Learning (TL) Fast**.

The **Glossary** provides a list of 800 or more words taken from the core competencies that would assist you in your social contacts for community entry. It has an appendix which is a catalog of verb roots to help you understand how a verb is inflected for focus, aspect, or mood.

The **Workbook** was developed due to the clamor of PCVs for written exercises. It contains varied written activities for vocabulary and grammar reinforcement. It also contains exercises for different levels of learners.

The **Grammar Notes** explains grammatical points that will assist you in understanding word and sentence structures of a Philippine language. This, in no way, is incomplete. It consists only of those points vital in your understanding of the gambits or vocabulary. It has an appendix which contains a summary of all grammatical points that were introduced and explained in the notes.

With these materials, we hope to make language learning fun and productive for you.

INTRODUCTION

This workbook has been designed to enable the Peace Corps Trainee to reinforce modules he takes up in formal language sessions in written form. This is in response to the varying learning styles that learners prefer. This will cater especially to the needs of the independent learner which is characteristic of most adult language learners.

Modules covered are on Community Entry Language Preparation (CELP) topics such as Socializing, Language to Manage Conversation, Eating, Shopping, Travelling and Health. Included in each module is a variety of exercises in the areas of vocabulary, gambits and grammar. Supplementary worksheets on different grammatical points are included to give the learner a choice to work on an area he feels he needs to study further. Answers to most exercises are provided for the learner to check his own. Activities calling for varied responses will have to be checked by the language instructor.

Some modules include vocabulary not necessarily taken up in language sessions. This was done since training is so short a time for us to teach everything needed at your site. It is therefore, suggested that you avail yourself of resources around you like other native speakers at the training site, host families, and printed language materials in getting meaning of words you may not be familiar with. Take up unclear points with your instructor, too.

Lastly, this workbook is based on the theory that students learn to speak the language by listening, speaking, reading and writing, in that order.

Paz B. Meman
Chief Language Coordinator
U.S. Peace Corps/Philippines

ACKNOWLEDGEMENTS

My special thanks to Dr. Arthur G. Crisfield, Training Officer for his encouragement and suggestions; to Ma. Teresita Palo, Language Specialist for reference materials and useful feedback; to Language Coordinators Yda Liongson and Betchie Jabson, and Assistant Language Coordinators Jun Terrenal and Tony Ordiz for their valuable support and most especially to the Language Instructors of Group 238 and 239 for trying out the worksheets in their language classes.

HILIGAYNON GRAMMAR NOTES

- TOPIC 1. Socializing
Task 1.1 Meeting people briefly
- a. The linker NGA

The greeting MAAYONG AGA (good morning) consists of an adjective MAAYO (good), the linker NGA and the noun AGA (morning). The linker NGA signifies a modification sequence between the adjective MAAYO (modifier) and the noun AGA (being modified). MAAYO NGA AGA may be contracted to MAAYONG AGA.

e.g.

gwapa nga bata
(beautiful child)

bata nga gwapa
(beautiful child)

The linker NGA is placed between the adjective and the noun.

- b. Subject Personal Pronouns

The greeting KAMUSTA KA? (How are you?) KA or IKAW is a personal pronoun which functions as the subject in the sentence.

Below is the chart of the subject pronouns in Hiligaynon:

I	AKO
You (singular)	KA/IKAW
He/She	SIYA
We (dual)	KITA
We (exclusive)	KAMI
We (inclusive)	KITA
You (plural)	KAMO
They	SILA

*Note:

KA may never be used at the beginning of the sentence, while IKAW may occur anywhere in the sentence.

c. ANB of MAG verbs

In the gambit, DIIN KA MAKADTO? (Where are you going?), MAKADTO is from the infinitive form, MAKADTO which gives emphasis on the doer of the action and belongs to the action not begun aspect which means "will go". Just add the affix MA to verb root KADTO (to go) to form the ANB Aspect MAKADTO.

e.g.

Makadto ako sa opisina.
(I will go to the office.)

d. Use of question words

In the greeting DIIN KA NAGHALIN? (Where have you been?), DIIN is a question word meaning "where".

In the gambit, ANO IMO.NGALAN? (What's your name?) ANO is also a question word meaning "what". Another question word is SIN-O which means "who".

e.g.

Diin ka makadto?
(Where are you going?)

Ano imo ngalan?
(What is your name?)

Sin-o ang tatay mo?
(Who is your father?)

e. Directional Pronouns

The pre-posted possessive pronouns may become directional pronouns when they are preceded by a direction preposition SA (to). For example SA (to) + AKON (mine) = SA AKON (to me).

e.g.

Maayong aga sa inyo.
(Good morning to you all.)

Maayong hapon sa imo.
(Good morning to you.)

*Note: In using directional pronouns the action in the sentence is directed towards a person.

Below is the chart of Directional Pronouns:

SINGULAR

Sa akon	to me
Sa imo	to you
Sa iya	to him/her

PLURAL

Sa amon (excl.)	to us (excl.)
Sa aton (incl.)	to us (incl.)
Sa inyo	to you
Sa ila	to them

f. **Location Set of Demonstrative Pronouns**

Hiligaynon Verbs

MAG Verbs are used to emphasize the doer of the action or the act itself. This verb form should be used in sentences where an object is not necessary to complete the meaning, or they may be used, too, with objects or receivers if the emphasis is on the doer or on the act itself.

When the root begins with a vowel, a hyphen is used between the prefix MAG and the root. With consonants, no hyphen is used.
